

November 2025

Dear Parent/Carer,

We are looking forward to another great year of teaching and learning in 2026 and would like to advise you of the opportunity to support the College to deliver our program through voluntary financial contributions.

As a Victorian Public School, we provide students with free instruction to fulfil the standard curriculum requirements, and we wish to reassure you that any contributions related to the core curriculum are voluntary. Nevertheless, the ongoing support of our families enables our school to offer the best possible education and support for our students.

We understand and appreciate that the capacity of families to contribute varies. Support can take many forms, including voluntary financial contributions, participating in fundraising, or volunteering your time. Your involvement, whether through contributions, fundraising, or volunteering already makes a significant difference to our school and to the opportunities we can provide for students. Thank you for your ongoing support.

Your generosity enriches our students' educational experiences. With your help, we can offer diverse learning programs, invest in quality classroom resources, and foster an inclusive school environment where every student feels valued and empowered to succeed. Every contribution, big or small, helps to further enhance student engagement, wellbeing, and achievement across our school community.

For further information on the Department's Parent Payments Policy, please see the one-page overview attached.

Yours sincerely,

ONE PAGE OVERVIEW

FREE INSTRUCTION

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
